Tha Alkaholiks

Ge, geah it's the J R O
The whole world love the way I, flow
Puff 'dro but I don't sniff, blow
Alkaholiks make dough oh, noNow you know you love my nigga Rico
My money so high but my car is so, low
I stand in that stance while I sip Olde, Gold
Ain't no dough then it ain't no show, we just don't showWe ain't goin', down
We leave MC's in the lost and found
Get up, pick up your face off the, ground
You get to tee off the Likwit, soundWest coast legends, the kings with the, crown
They try to slam the door but we kick it, down
Likwit town, L.A. California where Tha Liks get, down
L.A. California where Tha Liks get, downGuess who's back? It's Tha Alkaholiks
We're back, buk, buk, by popular demand

As big as we, can, divided we fall, united we, stand
My pockets got the green but I'm not the weed, man

I got a body count like Ice-T's, band
The Liks bring it to you live like C-SPANCan't nobody do it quite like we, can
You know my reputation, three bars three, grand
King T is in this bitch and we, fam
Likwit Crew is in this bitch and we, tramGuess who's back? It's Tha Alkaholiks

We're back, buk, buk, by popular demandIt's that West coast shit built strictly by Californians
For the grimy niggaz with cases that's tryin' to find a lawyer

I write the songs to help the whole world be, free
When I rhyme it's a wrap, oh, say can you, see?
The best come from the W E S TYou tryin' to steal a nigga flow like Elvis Presley
I got so much game I should win an Espy
Hefty, that's how big my check be
