

# We Have All The Time In The World

## My Bloody Valentine

We have all the time in the world  
Time enough for life to unfold  
All the precious things love has in store  
We have all the love in the world  
If that's all we have  
You will find we need nothing more  
Every step of the way will find us

With the cares of the world far behind us  
Every step of the way will find us  
With the cares of the world far behind us  
We have all the time in the world just for love  
Nothing more, nothing less, only love
