Talk About It

Glenn Hughes

In the coldness of loves sweet illusion
Theres a sadness that stands in my way
Theres a note that I left in the hallway
Tellin you that I could never stayYou never wanted me, Im outta time
Now, Ive got nothin to sayI dont wanna talk about it
I dont even hear a word you say
I dont wanna talk about it
I just turn my back and walk awayIm the kind that lives with emotion
Now, do I have to live on my own?
I would cross every mountain and ocean
Tell me why has your heart turned to stone?You never wanted me, Im outta time
Now, Ive got nothin to sayI dont wanna talk about it
I dont even hear a word you say
I dont wanna talk about it
I just turn my back and walk awayI dont wanna talk about it
I dont even hear a word you say
I dont wanna talk about it
I just turn my back and walk awayOhh, I don't wanna talk
I dont wanna talk, ohh, yeah
Ohh, ooh, I dont wanna talk
Turn back, turn awayI dont wanna talk
[Incomprehensible]
Walk my way
I dont wanna talkYou can believe
You can make
I dont wanna talk
