

# Link of Chain

Chris Smither

Can't you see  
I can't explain  
I'm a little like a link of chain  
Just a ring around another  
Running in and out again  
Fly me on a kite line  
Smilin' like a gold mine  
I don't need to be right  
Go to the end  
And that'll do to hold me tonight  
Morning rain  
Make it soon  
With just a little in the afternoon  
To hold me like a mother  
Hang me on the evening moon  
Send me on a low one  
Show me how to go one more  
And never finally decide  
Go to the end  
Take it along for the ride  
Ain't got long  
I leave for a day  
Never had a lot to say  
Tell me like a brother  
'Til we throw it all away  
Sittin' on the sideline  
Foolin' with a fine line  
Never need to know the design  
Go to the end  
Play it right down to the wire  
Can't you see  
I can't explain  
I'm a little like a link of chain  
Just a ring around another  
Running in and out again  
Running in and out again  
Running in and out again
