

La Da Dee

Cody Simpson

There's no way to say this song's about someone else
Every time you're not in my arms
I start to lose myself
Someone please pass me my shades
Don't let 'em see me down
You have taken over my days
So tonight I'm going out Yet I'm feeling like
There is no better place than right by your side
I had a little taste
And I'll hold this for ya at the party anyway
'Cause all the girls are looking fine
But you're the only one on my mind La da dee

La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo
There's only me
There's only you
La da dee
La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo

When you are gone I think of you All these places packed with people
But your face is all I see
And the music's way too loud
But your voice won't let me be
So many pretty girls around
They're just dressing to impress
But the thought of you alone has got me sweating
I don't know what to say next I'm feeling like
There is no better place than right by your side
I had a little taste
And I'll hold this for ya at the party anyway
'Cause all the girls are looking fine
But you're the only one on my mind La da dee
La da dee doo

La da dee me
La da dee you
La da dee
La da dee doo
There's only me
There's only you

La da dee
La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo

When you are gone I think of youLa da dee

La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo
There's only me
There's only you

La da dee
La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo

When you are gone I think of youI'll pretend the night is so beautiful

Take a photo with the bros

La da dee
La da da doo

They won't see through my disguise

Right here behind my eyes

Replaying in my mind

La dee da yeahI'm feeling like

There is no better place than right by your side

I had a little taste

And I'll hold this for ya at the party anyway

'Cause all the girls are looking fine

But you're the only one on my mindLa da dee

La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo
There's only me

There's only you
La da dee
La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo
When you are gone I think of youLa da dee
La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo
There's only me
There's only you
La da dee
La da dee doo
La da dee me
La da dee you
La da dee
La da dee doo
When you are gone I think of you
