What's the Matter

Milo Greene

OoohWhat's the matter?
What's the matter with you lately?
What's the matter?
What's the matter with you lately?Oh, your love
Is never good enough
Oh, your love is lost on me
You don't know
You don't know
Oh, your love is lost on meOooh
What's the matter?
What's the matter with you lately?
What's the matter?
What's the matter with you?Oh, your love
Is never good enough
Oh, your love is lost on me
You don't know
You don't know
Oh, your love is lost on meWhat's the matter?
What's the matter with you lately?
What's the matter?
What's the matter with you lately?Dreamer, you will waste your time
Do you ever wonder why
We go on and on and on?
Love is gone and gone and goneWhat's the matter?
What's the matter with you lately?
