

# What's the Matter

Milo Greene

OoohWhat's the matter?  
What's the matter with you lately?  
What's the matter?  
What's the matter with you lately?Oh, your love  
Is never good enough  
Oh, your love is lost on me  
You don't know  
You don't know  
Oh, your love is lost on meOooh  
What's the matter?  
What's the matter with you lately?  
What's the matter?  
What's the matter with you?Oh, your love  
Is never good enough  
Oh, your love is lost on me  
You don't know  
You don't know  
Oh, your love is lost on meWhat's the matter?  
What's the matter with you lately?  
What's the matter?  
What's the matter with you lately?Dreamer, you will waste your time  
Do you ever wonder why  
We go on and on and on?  
Love is gone and gone and goneWhat's the matter?  
What's the matter with you lately?
