

Denial (Remixed by Expansion Union)

Sevendust

What, never say what you mean
All I hear is a scream
Never say that to me
Never say that to me
Wait, wipe that shit off your face
Let's don't stop till we bleed
The more you spit out your mouth the less I believe Denial seems it had to come
Relied on me to say it all
Denial has left you all alone I, can all that shit that you said
Ever make any sense
Where did you run to, bitch
While I was holding my breath?
What's sacred faded into nothing
Never put that on me
Never put that on me Denial seems it had to come
Relied on me to say it all
Denial has left you all alone Denial seems it had to come
Relied on me to say it all
Denial has left you all alone
Waste Denial seems it had to come
Relied on me to say it all
Denial has left you all alone Denial seems it had to come
Relied on me to say it all
Denial has left you all alone
