

# If It's The Last Thing I Do

## Montgomery Gentry

Well, I've been livin' on truck stop coffee  
Cigarettes and vitamin C  
It's a wonder that the devil ain't caught me  
I guess he's tired of playin' hide and seek  
Been drivin' like I've been struck by lightin'  
I think about you and I start to speed  
I might as well be playin' with matches  
In a trailer load of gasoline  
If it's the last thing I do  
If it takes me from Tubilo to Timbuktu  
If it's the last thing I do  
I'm gonna dodge every road block, speed trap  
County cop to get my hands on you  
If it's the last thing I do  
A box of chicken and a day old biscuit  
Ain't nothin' left but a few old bones  
I outta stop but I'm gonna risk it  
Caffeine got me chewin' Styrofoam  
Girl, I'm calling outta Kansas City  
From a fillin'-station telephone

Just had to tell ya what I've been thinkin'  
First thing I wanna do when I get home  
If it's the last thing I do  
If it takes me from Tubilo to Timbuktu  
If it's the last thing I do  
I'm gonna dodge every road block, speed trap  
County cop to get my hands on you  
If it's the last thing I do  
Yeah, been drivin' like I've been struck by lightin'  
I think about you and I start to speed  
I might as well be playin' with matches  
In a trailer load of gasoline  
If it's the last thing I do  
If it takes me from Tubilo to Timbuktu  
If it's the last thing I do  
I'm gonna dodge every road block, speed trap  
County cop to get my hands on you  
If it's the last thing I do

If it's the last thing I do  
If it's the last thing I do
