

# What About You?

## Billy Preston

I'm feelin' pretty good  
What about you, babe?  
(What about you?)Just like I should  
What about you?  
(What about you?)Let the good times roll  
Let your heart down and show your soul'Cause I'm feelin' pretty mellow, baby  
What about you?  
(What about you?)  
I wanna know  
(What about you?)I wanna slide across the floor  
What about you, babe?  
(What about you?)Let's get it like there no more  
Ooh, what about you?  
(What about you?)  
Oh, babyNo matter what you do, I'll stay, yeah  
So step the right of wayAnd I'm feelin' pretty good right now  
(What about you?)  
I wanna know  
(What about you?)Stop and realize  
Soul can't be measured by sizeIf you've got it  
(Got it)  
Come on and show it  
(Show it)And if you don't feel it  
(Feel it)  
Please don't fake it  
(Fake it)Because it's real  
(It's real)  
Because it's real  
(It's real)  
Because it's real with me  
(Baby)What about you?  
(What about you?)  
Can I know right now  
(What about you?)  
What about you, baby?What about you?  
What about you?  
What about you?
