

# Celebrate (Album Version)

## No Motiv

What's the problem here now?  
There's more to life than dragged down days  
Let's turn around the mood of you today  
And celebrate the century  
Get off your feet, why don't you get off your feet now?  
It's time to get off your feet now and celebrate the century  
It's time to celebrate this day,  
Celebrate another day, celebrate the century  
Celebrate a holiday, celebrate the century now  
Let's see some progress here now  
I want you to get it right this time  
Yell at the top of your lungs tonight  
And celebrate the grandeur of life now  
Let's get off our feet can we get off our feet now?  
It's time to get off our feet, and celebrate the century
