

# Do You Recall

## Journey

Do you recall, that lonely summer day?  
We were together and things got in our way Well, so you think that it's all over  
And you know it's gone to stay  
Oh oh, after stormy weather  
Does the sun shine every day? Yes, I recall, the things you said that day  
You told me that you were leavin'  
'Cause we can't go on this way Oh, so you think that it's all over  
And you know it's gone to stay  
Oh oh, after stormy weather  
Does the sun shine every day? Yes, it's the lovin' things  
That keeps us wondering  
Yes, it's the lovin' things  
Ooh, baby, love Girl, it's the lovin' things  
That keep us wonderin'  
Yes, it's the lovin' things  
Ooh, girl, say you'll stay You think that it's all over  
And you know it's gone to stay  
Oh oh, after stormy weather  
Does the sun shine every day? Well, so you think that it's all over  
And you know it's gone to stay  
Oh oh, after stormy weather  
Does the sun shine every day? Does the sun shine every day?  
No no
