

# A Reflection

## The Thermals

Together at peace  
Together in a dream  
A reflection of light  
Is all we can see Together in water  
Together unreal  
A reflection of peace  
Is all we can feel Together we end  
Together we sleep  
A reflection of memory  
Is all we can leave A reflection of love  
A reflection of death  
Is all that we needed  
Is all we have left  
Is all we have left
