Skin Walker

Boomerang

Show me once more, I cannot hide
Cause I am here now but I'm lost inside
Voices I hear but cannot see
Cause I will never be freeNo good, darkened through, I walk this line
Skin walk my darkness, skin me alive
Two in me we can see who we are
Take me and rape me alone in the dark
Two inside there's a scream in my ear
Skin walk my head ain't no way out of hereIs there no corner where I can hide?
To suffer in the silence of my mind
Two in me we can see who we are
In my dark craniumNo good, darkened through, I walk this line
Skin walk my darkness, skin me alive
Two in me we can see who we are
Take me and rape me alone in the dark
Two inside there's a scream in my ear
Skin walk my head ain't no way out of hereOh try to scream but I can't speak
Silent tongue of deceit
Oh the torture don't stop
My head's chained to the rock
Can you help me?When I awake dreams have closed my eyes
Dancing shadows, black in my mind
It crawls my skin where I cannot see
Will I ever be free?Two in me we can see who we are
Take me and rape me alone in the dark
Two inside there's a scream in my ear
Skin walk my head ain't no way out of here
