Beyond the Rainbow

Zonata

I want to know what's beyond the Rainbow I see
Decided to leave here right nowI start to walk away on this rainy day
It makes me feel good so I won't give upThen I came to there where the Rainbow is
It began to feel like a dream
I had never seen such a lovely place before this dayLife is a travel through time a mysterious path
Just hold on tight then You will carry onIf You feel a lot of rain inside Your soul
Get rid of the pain and keep Your head hold highThen You'll come to there where the Rainbow is
It begins to feel like a dream
You will never see such a lovely place again
