# Infinite Space

## DULO

To obtain the space I need
I lock myself in shelter in the bush thick and thorned
In the bush thick and thorned
With the infinite being my God
Walking with the great
And vast with no limits in my head
No limits in my head
As I circle the human skull
Birds in existing lapse of time
I am pushing the morning forward
The choice is yours and mine
As we all go now, we go hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo
Walking with my arms at my past
I?ll walk until I follow only you, only you

I?ll wake up and I?ll dream of my past
I?ll wake up and I?ll sit down here with you, only you
As I circle the human skull
Birds in existing lapse of time
I am pushing the morning forward
The choice is yours and mine
As we all go now, we go hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo, hoo
Hoo, hoo, hoo, hoo, hoo
Well, I?ll fly down
Pick myself up with eagle eye
And my love will surely be
My love will surely be
