

Slackerbitch

Placebo

It echoes in my brain
I didn't mean it
Pulses through my veins
I didn't mean it I'm the one to blame
I didn't mean it
Did too much cocaine
I didn't mean it Slackerbitch, faghag, whore
Looks real cute, her lips are sore
Slackerbitch, faghag, whore
Always comes back for more Your memory will fade
I didn't mean it
You've always had it made
I didn't mean it I know you feel betrayed
I didn't mean it
I just wanted to get laid
I didn't mean it Slackerbitch, faghag, whore
Looks real cute, her lips are sore
Slackerbitch, faghag, whore
Always knocking on my door You come across impure
I didn't mean it
You're goddamn immature
I didn't mean it You act so insecure
I didn't mean it
You hate me now, I'm sure
I didn't mean it Slackerbitch, faghag, whore
Looks real cute, her lips are sore
Slackerbitch, faghag, whore
Dripping sex from every pore Slackerbitch, faghag, whore
Looks real cute, her lips are sore
Slackerbitch, faghag, whore
Such a motherfucking bore
