

# Be (feat. Jordan Corey)

[RAC](#)

This love, just like a mountain, a plate shift  
Under the surface my heart lifts and I'm worthless  
Take my hand, we'll walk together through strange lands  
Colliding forever we'll grow and we'll endeavor  
Trust me baby, I'm your girl  
Can you feel we're on top of the world, the world  
Do you wanna be my, be my, be my love?  
Do you wanna be my, be my, be my love?  
This love, just like a heartbeat, a rhythm  
Will send a vibration, it's wisdom, it's creation  
So hold me, we'll walk together through strange lands  
Colliding forever we'll grow and we'll endeavor  
Do you wanna be my, wanna be my  
Do you wanna be my love?  
Do you wanna be my, wanna be my  
Do you wanna be my love?  
Trust me baby, I'm your girl  
(Can you feel we're on top of the world)  
Trust me baby, I'm your girl  
(The world)  
Trust me baby, I'm your girl  
Do you wanna be my, wanna be my  
Do you wanna be my love?  
Do you wanna be my, wanna be my  
Do you wanna be my love?  
Do you wanna be my, be my, be my love?  
Do you wanna be my, be my, be my love?
