Ritual Union

Electric Guest

ritual unions
got me
in trouble again
I was wonderin
how the white dress
and the mistress
and his spirit are holdin my handlove's sinking in the sand
petals falling on demand
my feet are runnin like the wind
i'm sorry, boy that we sinnedlove is not like they say
a light is hard to make it stay
I drown my feelings in the sea
then dry out over on the beachritual unions
got me
in trouble again
I was wonderin
how the white dress
and the mistress
and his spirit
are holdin my handmother tell me how it is
i know you've been through all of this
you ran away so many times
your kids
your heart
a couple dimeslove is not like they say
a light is hard to make it stay
i drown my feelings in the sea
then dry up over on the beachritual unions
got me
in trouble againI was wonderin
how the white dress
and the mistress
and his spirit are holdin my handritual unions
got me
in trouble againI was wonderin
how the white dress
and the mistress
and his spirit are holdin my hand
