

Together We Are (The M Machine Remix)

Arty

Call on me
I'll come to you
Reach for me
I'll be the one you can hold on to
And it's you I see
And it's you I believe in
And it's you and me
Together we are
Together we are
Stronger, stronger
Together we are
Stronger, stronger
Together we are...
We are golden tonight, tonight
Cause we, we pull down the stars from the sky
And I'm forever in love with the way
We are We are Together we are
! Stronger !
! Stronger !
Together we are
Stronger, stronger
Sing it, sing it
Stronger, stronger
Sing it, sing it
Stronger, stronger
Sing it, sing it
Stronger, stronger
Together we are.
