Cold (feat. Casey Lee Williams)

Jeff Williams

I never felt
That it was wise
To wish too much
To dream too big
Would only lead
To being crushedThen I met you
You weren't afraid
Of anything
You taught me how
To leave the ground
To use my wingsI never thought a hero
Would ever come my way
But more than that
I never thought
You'd be taken away
Now it's cold without you here
It's like winter lasts all year
But your star's still in the sky
So I won't say goodbye
I don't have to say goodbyeMy days of doubt
Were in the past
With you around
You helped me feel
I had a place
Direction foundYou showed me that
A greater dream
Can be achieved
Enough resolve
Will conquer all
If we believe
The light you gave to guide me
Will never Fade Away
But moving forward never felt
As hard as todayNow it's cold without you here
It's like winter lasts all year
But your star's still in the sky
So I won't say goodbye
I don't have to say goodbye
