

Hammer and Tongs

Budgie

Woman I can hear you woman in my soul
I wish I was your daddy I wish I was your mammy
Just lay down your hammer and tongsWoman I can love you woman think you know
I wish I was you daddy I wish I was your mammy
Just lay down your hammer and tongsWoman live like a song look around at
Who you see the tongs
Woman see the marks of life
That you thought are right are wrong
