Here For You

Brendan James

Hey, what's on your mind?
What's got you down this time?
Please, don't hide your tears
I've seen you sad before, my dearI'm here for you (x3)
Here for you (x3)Pulling you through
Because I want to
I'm here for youSaid let's talk it out
Tell me what happened
I'm with you now
Come on, can't you look at me?
I'll help you through this
It's not easyI'm here for you (x3)
Here for you (x4)Pulling you through
Because I want to
