

Do You Remember

Ra Ra Riot

Wondering if all of your light it was
I would be a fool
If I let it die
Could I
Get you alone
Tonight
Oh

Do you remember what you said to me then?
Under the oak trees and the leaves in the rain
Do you remember what you said to me then?
Under the oak trees and the leaves in the rain

Don't let me be afraid of our life apart

Darling say something

Ohh, I never could

Can I

Get you alone

Tonight?

Oooohh tonight

Do you remember what you said to me then?
Under the oak trees and the leaves in the rain
Do you remember what you said to me then?
Under the oak trees and the leaves in the rain

On my heels

Oh I don't mind

On my heels

Oh I don't mind

When I come over to you

It's such a lonely talk

She said "hey come on now"

Nooo we both got a little time

Tonight

Tonight

Ohhh tonight

Ohhh tonight

Do you remember what you said to me then?
Under the oak trees and the leaves in the rain
Do you remember what you said to me then?
Under the oak trees and the leaves in the rain

On my heels oh I don't mind
