

# Milky Way

## Open Kids

It will take some milk and flakes for happiness  
Drop vanilla to start a | new day  
Just a moment goes to cross the universe  
Take my hands and we'll fly | away  
Our brand new winged sneakers kick so highly With the snowy white feathers. Mm...  
Gonna celebrate whole day in the sunlight  
Spend some good time together. Mm... And you know when dreams come true | it tastes so sweet and soft and  
smooth... as pie  
...And high above the sky give me your smile and I'll give back to you mine

...  
Come on | let's escape to heaven  
All you need is freedom  
Don't lose our eyes and just hold on...  
Forget | all your little troubles  
And enjoy the moment  
Nothing bother us no more  
Come on | get a little higher  
Make them all admire  
Our secret getaway...  
Come on turn into a dreamer And let's paint a kingdom  
On the path of milky way...  
You will see tonight the stars will shine so bright  
Just like colorful candies It's allowed to get as many as you want  
Honey river is endless.  
We can gather friends to share the paradise  
And to cuddle in heaven. Mm... I will order cola you will add some ice  
We'll back home by eleven. Mm...  
And you know when dreams come true | it tastes so sweet and soft and smooth... | as pie  
...  
And high above the sky give me your smile and I'll give back to you mine!

...  
Come on | let's escape to heaven  
All you need is freedom Don't lose our eyes and just hold on...  
Forget | all your little troubles  
And enjoy the moment  
Nothing bother us no more  
Come on | get a little higher  
Make them all admire  
Our secret getaway...

Come on turn into a dreamer  
And let's paint a kingdom  
On the path of milky way...  
And you know when dreams come true is taste so sweet and soft and smooth... as pie
