

# Home to Me

## Sarah Darling

You look like Georgia  
On a cool summer day.  
Your smile hits me like  
A breeze blowin'™ off the lake.

You talk like Kansas  
You can see to the horizon  
There's™ no place for  
The words to hide  
'Cause you mean what you say  
Mean what you say

### CHORUS

Got a heart like Indiana  
Laugh like Louisiana  
Take me down to Alabama  
Show me some of that laid back vibe  
Kissin'™, while we're™  
Fishin'™ in the moonlight  
Shine like California  
High like an Arizona noontime  
Baby when you're™ all mine  
Anywhere, any place I go  
You feel like home to me.  
You feel like home to me.

Love's™ taken me across the map,  
All the way to hell and back.  
Gave everything I had and I  
Lost my mind a couple times  
Met you and I was sure  
I found the center of the universe  
Hit the interstate fast and  
Now I'm™ never looking back, no  
Lookin'™ back, lookin'™ back oh no.

### CHORUS

You feel like home

## CHORUS

You feel like home  
You feel like home to me
