Addicted

Ronan Keating

Just one more kiss and I'll be gone
I won't write, I won't call you no more girl
I swear that I'll be strongJust one more taste of you and I'll be fine
Girl I mean what I say today
But tomorrow I'll know that I was lying'Cos baby, oh I only wish you knew
How this feeling scares me so
It's just like letting, it's just like letting goAnd I guess if that's addiction then I guess that I'm addicted
And I guess that I'm your junkie, fair enough
(I'm addicted)
And I guess if that's addiction then I guess that I'm your junkie
And I guess that I'm just strung out on your loveGirl I can't sleep in these wet sheets
'Cos I've got hot flushes, cold sweats
And a hunger that's making me weakSo hit me up with your best stuff
All I need is a damn bag of attention
And maybe an ounce of your trust'Cos letting go is harder than you know
I'm tearing out my heart to give my heart to you
As you walk right out of viewAnd I guess if that's addiction then I guess that I'm addicted
And I guess that I'm your junkie, fair enough
(I'm addicted)
And I guess if that's addiction then I guess that I'm your junkie
And I guess that I'm just strung out on your loveYou go through my heart and through my soul
Like a river gone out of control
You take my resolve and wash it all away
All away, all awayAnd I guess if that's addiction then I guess that I'm addicted
And I guess that I'm your junkie, fair enough
(I'm addicted)
And I guess if that's addiction then I guess that I'm your junkie
And I guess that I'm just strung out on your love
And I guess if that's addictionDon't walk away baby
Don't walk away baby
Don't walk away baby
Don't walk awayI'm addicted, yeah yeah
I'm addicted, yeah yeah
I'm addicted, yeah yeah
And I'm addicted, yeahAnd I'm addicted, yeah yeah
And I'm addicted, yeah yeah
And I'm addicted, yeah yeah
And I'm addicted, yeah yeah
