

We Wanna Rock You

Grave Digger

We wanna rock you

We wanna roll you

We...

Back to stage, we return born again

New and four, here we are, we come to rock

Watch out, watch out

What you feel is it real

We Are back now

Watch out, watch out

Waht you feel is it real

We are back now See the kids, hot for rock, hot for us

We make the show, now for you, heavy metal

Watch out, watch out

What you feel is it real

We are back now

Watch out, watch out

What you feel is it real

We are back now We wanna rock you

We wanna roll you

We wanna rock you

We wanna roll you

Every night Sweat runs fast, on both sides, all are wet

Now you know, the shoe was good, heavy metal

Watch out, watch out

What you feel is it real

We are back now

Watch out, watch out

What you feel is it real

We are back now
