Thanks For Nothing

Fefe Dobson

And how does it feel to be the name that's on the page
To know that you joined the ranks
Of all of the people I hate
And how does it feel to be the one that's center stage
To know that you're just a phase
That started this horrible game
I hear you saying that it hurts so much
You never really thought it through
I'm trying new things and you know this was for you
Well this is my song (thanks for nothing)
And these are my hopes
And that was my world
And that was my girl, and she was the best one
And you were a friend, to the point of a brother
And we had a dream that we would build on each other
The moment was gone
And that was my girl, and she was the best one in the world
And how does it feel to know that you live your life afraid
To know that you choke on shame
For all of the lies that you'll say
How it's up to the kids, let's all hearing it repeat
Let's go back to the nights of shame
Just how many tricks that it took for you to forgive me

And I hear you saying that it hurts so much
You never really thought it through
I'm tying nooses that you know this one's for you
Well this is my song (thanks for nothing)
And these are my hopes
And that was my world
And that was my girl, and she was the best one
And you were a friend, to the point of a brother
And we had a dream that we would build on each other
And that was my girl, and she was the best one
In the world
The world, oh my God, in the world
I hear you saying that it hurts so much
You never really thought it through
I'm tying nooses that you know this one's for you

And this is my song, thanks for nothing
And these are my hopes, hope it gave you something
And that was my world, thank God I forgot it
And that was my girl and she was the best one
You were a friend to the point of a brother
And we had a dream, we would build on each other
And that was my girl, she was the best one in the world
