German Spokesman

Goldfinger

What happened to dignity
Did it go away again?
Just like a worn out trend?
Will I still defend emotions?
What happened to honesty?
I don't see it on the Top Ten
I only see it in what has been
'cause I still defend devotionAm I alone?Don't wanna rest
I don't wanna breathe
When I wanna hear about life
Don't wanna hear a spokesman
I don't wanna test
I want to believe
The god damn singer wrote the song
Don't wanna hear a spokesmanWas zu Rechtschaffenheit ich geschehen ist
nicht sehe da es auf MTV Alle
die ich sehe ist choreography
Und ich nie ein Tnzer sein werde
Was zu puberty geschehen ist
Schlechte Haut und Unsicherheit Und
der fuck Felicity ist
Weil ich Probleme von meinem
eigenen erhalten habeIch bin allein?Don't wanna rest
I don't wanna breathe
When I wanna hear about life
Don't wanna hear a spokesman
I don't wanna test
I want to believe
The god damn singer wrote the song
Don't wanna hear a spokesmanDon't wanna rest
I don't wanna breathe
When I wanna hear about life
Don't wanna hear a spokesman
I don't wanna test
I want to believe
The god damn singer wrote the song
Don't wanna hear a spokesmanDon't wanna rest
And don't wanna breathe
When I wanna hear about life

Don't wanna hear a spokesman
I don't wanna test
I want to believe
The god damn singer wrote the song
Don't wanna hear a spokesmanI Don't wanna rest
And don't wanna breathe
When I wanna hear about life
Don't wanna hear a spokesman
