

The Calling

Altar Boyz

[Matt]

Looking outside of my window
Watching the world passing by
Feeling so terribly lonely

Wanting to sit down and cry Suddenly I felt a presence
Ending my deep dark fears
There was this heavenly sound

Of something ringing in my ears Jesus called me on my cell phone (Jesus called me on my cell phone)

No roaming charges were incurred (ooooo)
He told me that I should go out in the world
And (ahh) spread His glorious word (word) [Mark]

Walking the streets of the city
Feeling such feelings of strife
Leaving my friends all behind me
Running away from my life Suddenly I felt a presence

I got a second chance

There was this vibrating feeling

On the belt-loop of my pants Jesus paged me on my beeper (Jesus paged me on my beeper)

He called from Heaven up above (ooooo)
He said I should go to the ends of the Earth (ahhh)
And spread His glorious love (love)

OOohOooOh [Abe]

Im losing your signal, Lord
Can you try your call again?
Please Lord, Im a losing ya

Im a going in a tunnel and I cant see the light! [All]

Jesus [Luke]

Called me on my cell phone (dialing his Nokia) He called me on the phone)

The clearest voice I ever heard yeah He beeped me! (He beeped me)

He faxed me! (He faxed me)

He emailed my soul! And said (and said)

Till the day I'm dead (till the day Im dead)

That I must spread His glorious word. (word)

oooooooo
