

Strange Love

Shaggy

You see this love that we have
Is a love that no one will understand unless
They're in it, you know what I mean
So we mash up, so we make up
So we love up, ugh
Shaggy
Mona moan, baby moan
WatchaWe break up to make up
Some folks won't think that's fine, seh wah
But that's when you give me
That love that blows my mindThat good love you give
That makes me scream your name out loud, Mr. Lovah
Let's breakup then make up
Take me to the cloudsGirl, everything I do you know it's all about
You got to trust this feeling 'cause this feeling is true
Your sex appeal is way up to the ceiling
I don't wanna see reality if this is what it's like to be in loveIn other words it means that I'm mad happy that
We are fortunate to finally discover and see
That love flies free like a bird
This vibe is not a vibe that one can describe with wordsWe break up to make up
Some folks won't think that's fine, uh huu
But that's when you give me
That love that blows my mind, alright girlThat good love you give
That makes me scream your name out loud, Shaggy
Let's breakup then make up
Take me to the cloudsFriends always try to tell me this feeling I feel
Is too good to be true so this feeling ain't real
They look at us and swear we must be mad
They'd have to be in our shoes
For them to understand the love that we haveLove that's unconditional through struggles and pain
And river and affection through the storms and rain
Your love completes my life
If I'm ever gonna settle then you'd have to be my wifeWe break up to make up
Some folks won't think that's fine
But that's when you give me
That love that blows my mindThat good love you give
That makes me scream your name out loud
Let's breakup then make up
Take me to the cloudsGal you like when Mr. Lovah rock your spot, yeah

Hardcore, [Incomprehensible], yeah
Excess amount of love you get it non-stop, yeah
Come, let me love you up right round the clock So if I put it [Incomprehensible], yeah
Nuff of dem who not got what we got, yeah
Strange love you know it's solid like a rock, yeah
Girl, let me love you up right round the clock Baby make me scream your name, hollah
Make me wanna go insane, awah
Feelings running through my veins, dat's right
Strange love is the sweetest pain, come on Baby make me scream your name, Shaggy
Make me wanna go insane, moan girl
Feelings running through my veins
Strange love is the sweetest pain
