

# Squares

## Stepdad

I seen the demons but they didn't make a sound  
They tried to reach me but I lay upon the ground  
I seen the people but they didn't make a sound  
They tried to reach me but I gave the runaround  
I reached for feelings but they didn't make a sound

They tried to reach me but I lay upon the ground  
I saw miles and miles of squares, where's the feeling there  
Still nobody cares for miles and miles of squares  
Daydream I fell asleep beneath the flowers
