

# A Fun Bunch Of Guys From Outer Space

## Sparks

We're a fun bunch of guys  
And we come from outer space  
On the planet where we're from  
War is even fun  
We're a fun bunch of guys We're a fun bunch of guys  
Here to infiltrate and get a tan  
We arrived here from the sky  
On that cream pie parked outside  
We're a fun bunch of guys We're a fun bunch of guys  
We speak English real good  
On our TV's in the sky  
Your reruns come in fine  
We're a fun bunch of guys We're a fun bunch of guys  
We're a fun bunch of guys  
We're a fun bunch of guys  
We're a fun bunch of guys
