Burnin'

The Livids

I like to get drunk, i like to get down,
i like to thump up in the club the way shes getting down x2

I need a crunk girl, lets get drunk girl i wake up early in the mornin roll a blunt girl
Dont mean to front girl, i know its been a few, i know you probably touch yourself during my interviews. She like my tattoo's, she like my crazy du, she like the way i match my shades with my van shoes, she like my band too, but she just wont admitt it, ya shes so hot the roof is burnin and i know she did it

The roof is burnin' burnin' burnin' in here x3 (i like it hot)
The roof is burnin' on top and we dont need to drop no, no

(Tre Nyce)
Yeah shes so hot, im el fuego, bottles of Ciroc dont be on my table
Dirty dancin feel like Swayze, baby imma gangster the rap game pays me
Girls on girls with a dash of Tre, in that South bay filled with Sandro Pe
Stimulate your mind all i do is press play, shorty like velcro 'bout to get laid
Wasted, Im gone, feel myself fuckin' with the lights on, pop another fat jim
then Phat J roll up, aint no fun unless we all get some, king size bed with a brokencyde, baby wanna drink 'till i open wide, burnin' up, clothes off chillin', room so hot sweat drippin' from the ceilin'

The roof is burnin' burnin' burnin' in here x3 (i like it hot)
The roof is burnin' on top and we dont need to drop no, no

I like to get drunk, i like to get down,
i like to thump up in the club the way shes getting down

I walk up in this bitch feelin' pimp like Snoop dogg
All the ladies lovin me my style is too raw
What'cu What'cu lookin for VIP?
What'cu What'cu lookin for VIP?
Sick of takin shots party on the rooftops
now were feelin loose loose goose on the rocks
Oh yeah, you got the right idea. Oh no the roof is burnin in here

The roof is burnin' burnin' burnin' in here x3 (i like it hot)
The roof is burnin' on top and we dont need to drop no, no
