# resting place

## Austin Lucas

Heavenly Father, here I am
It is me once again
Lord, it don't feel good in the cold
Outside looking in
I need shelter from the rain
'Cause it's bringing too much pain
Won't you please take my hand
Lord, I know you will understand
If you show me the way, I will be OK
Yes, I will
Lord, you're my resting place

[Chorus:]
Lord, you are my resting place
My rock
My sword
All fears erased
I find in you security
I seek your face, my resting place

Lord, I been searchin' high and low for some rest for my weary soul
Traveled far across this land
Even gone through desert sands
Trying to find some relief, searchin' for inner peace
Oh, gotta find it
If you show me the way, I will be OK
Yes, I will
Lord, you're my resting place

[Chorus]

Oh, Lord, I'll be right here waiting for your love
Show me the way
You're my resting place

[Chorus]
