Daddy's Eyes

Jake Coco

I'll tell you what you wanna know
But boy, you better listen close
People gonna tell you lies
Don't let it come as a surprise
That woman's on my back again
I know she's got the best intentions
When you begin to realize
You know you got your daddy's eyes
And there's something I wanna say
I love her too
And all of this has got nothing to do with you
And I'd like to stay but I can't
Because I've been fooling around
And I know that you called
Because you never even knew that it was hurting me
When you put it on the other hand
When you're old enough to understand
That glove will bring it all to life
I didn't say that made it right
'Cause that woman's on my back again
I know she's got the best intentions
When you begin to realize
You know you got your daddy's eyes
And there's something I wanted say

I love her too
And all of this has got nothing to do with you
And I'd like to stay but I can't
Because I've been fooling around
And I know that you called
Because you never even knew that it was hurting me
And I'd like to stay but I can't
Because I've been fooling around
And I know that you called
Because you never even knew that it was hurting me
But sometimes people get tired
And I woke up a little too late to lie
A dreams should last a long time
This is not what I'd call goodbye

And I'd love to stay but I can't
Because I've been fooling around
And I know that you called
Because you never even knew that it was hurting me
And I would love to stay but I can't
Because I've been fooling around
And I know that you called
Because you never even knew that it was hurting me, me
I love her too
