## Cream

Driving in my car, smoking my cigar  
The only time I'm happy's when I play my guitar

Ahh, ahh

Singing in my yacht, what a lot I got  
Happiness is something that just cannot be bought

Ahh, ahh, ahh, ahh

I've been in and out, I've been up and down

I don't want to go until I've been all around

Ahh, ahh

Ahh, ahh

What's it all about? Anyone in doubt?

I don't want to go until I've found it all out

Ahh, ahh, ahh
