

# Just a Day (Alan Moulder Mix)

## Feeder

Waking up at twelve in my clothes again  
Feel my head explode from a night of gin  
Another night out late  
I don't want to drink, don't want to be a clown  
Gotta get my feet back on the ground  
Before it pulls me inHow come it ended up like this?  
And who's gonna catch me when I'm coming down  
To hit the ground againAll by myself  
Cause I don't want to drag you down  
Hold you down, cause you're a friend  
I blame myself

I guess you think it's funny now, funny nowOn the underground the freaks and frowns  
Looking at the world through silver clouds  
But then it all came down  
I gotta rise above the emotional flood  
Gotta cut these ropes around my hands  
Pull myself aroundHow come it ended up like this?  
And who's gonna be there when I've lost control  
I'm heading to crashlandAll by myself  
Cause I don't want to drag you down  
Hold you down, cause you're a friend  
I blame myself

I guess you think it's funny now, funny nowAll by myself  
Cause I don't want to drag you down  
Hold you down, cause you're a friend  
I blame myself

I guess you think its funny now, funny now  
It's such a shameAll by myself  
Cause I don't want to drag you down  
Hold you down, cause you're a friend  
I blame myself

I guess you think it's funny now, funny now  
It's such a sinAll by myself  
Cause I don't want to drag you down  
Hold you down, cause you're a friend  
I blame myself

I guess you think it's funny now, funny now
