

# Driftin' and Driftin'

## The Paul Butterfield Blues Band

I'm driftin' and driftin', like a ship out on the sea

I'm driftin' and driftin', like a ship out on the sea

Nobody seems to want me

Except the wide and open seaMy ship ain't got no captain, my ship ain't got no crew

My ship ain't got no captain, my ship ain't got no crew

Doin' that tide dare blow me and my past and future tooI look around for a savior to search me from the hungry  
sea

I look around for a savior to search me from the hungry sea

Maybe he's down at the bottom, waiting patiently for me
