

Open Water

Sasha

Lost in a crowd, follow them all around
I know the way out but Im not in the mood
Unbreakable rules failed, Im not breakin me easily
Dont punish me
When it comes to decide, Im alone and
Not gonna hide, Im right there
And I feel like I'm open water
And I feel like I know where to go
Cause I feel that wherever Im falling
Im falling somewhere I can feel
Not gonna run, Im just gonna take my time
Maybe Im wrong to walk on thin ice
Im not looking down, Im just going straight ahead
Carefree but not endlessly
When it comes to decide
Im the one whos not gonna hide, Im right here
And I feel like I'm open water
And I feel like I know where to go
Cause I feel that wherever Im falling
Im falling somewhere I can feel
And I feel like I'm open water
And I feel like I know where to go
Cause I feel that wherever Im falling
Im falling somewhere, I can feel
