

Crutch

Today Is The Day

Don't lean on me Leave me be Stupid mother fucker You'll never see You
get where you're goin' by payin' your dues not playin' fools Best get schooled
Ain't no sucker Mother fucker And you know that now I left you I don't
hate you you're wearin' a frown Understand You gotta adjust I think you've
learned by now I'm not your crutch
