## Last Dinosaurs

I can't remember when I felt like I could fall  
It could've been yesterday  
Or maybe not at all  
I'm trying to find my way to you  
Cause I've got you in my head  
There are not enough words I could say to you  
She looked at me and said(chorus)  
"I know the distances are far between us  
Can't let this go cause I'm always gonna be a dreamer"  
As star-crossed as it seems  
I still choose to believe  
It's a small world, yeah I try to crystallize my fictive thoughts  
You may not realize, but that's what I'm here for  
Yeah, it's getting kinda dark now all the time  
I think you see it, too  
All the sketches of our fate just don't align  
I'll wait to see it, too "I know the distances are far between us  
Can't let this go cause I'm always gonna be a dreamer"  
As star-crossed as it seems  
I still choose to believe  
It's a small world  
But I won't change my mind This time I really wanna make you mine  
It's hard to ever know if I should really go "I know the distances are far between us  
Can't let this go cause I'm always gonna be a dreamer"  
As star-crossed as it seems  
I still choose to believe  
It's a small world  
But I won't change my mind  
No, I won't change my mind this time  
I won't change my mind  
No, I won't change my mind this time
