

Look What You've Done

Candlebox

I can borrow, if you've got the time
I never needed anybody's help to make up my mind
Won't be here long enough to stand out
You're on fire till everybody finds out Look what you've done, done to my head
Look what you've done, look what you've done
Done to my head, you've got me Maybe I will, maybe I won't
And maybe I can't but God only knows
Won't be the puppet strings you hold on Come tomorrow, it's a sign of the times
It's coming down now shelter won't save you my friend
So, sit down till you learn and sit down till you grow
You mi-mi-might turn if you'd only let yourself go Look what you've done, done to my head
Look what you've done, look what you've done
Done to my head Maybe I will, maybe I won't
And maybe I can't but God only knows
Won't be the puppet strings you hold on I see you depend over and over on logic I can't understand
Who kept you floating, my friend?
Kept your head above water, rough seas hit you harder
I should have just let you drown Maybe I will, maybe I won't
Maybe I can't, but God only knows
Won't be the puppet strings you hold on Maybe I will, maybe I won't
Maybe I can't, but God only knows
Won't be the puppet strings you hold on Hold on, hold on, hold on, hold on, hold on
Hold on, no no
Look what you've done
