

In Ear Park

Department of Eagles

All of us walk a long, steady line
And now that you're gone
I have nothing but time
To walk with your bags
Down to the docks
And sit in the grass
Right in your spot
In ear park,
In ear parkIf you listen
You'd hear the wavesOh, we all forgot, dear
We can't forget, dearAll the time
All the time
All the time
All the time
