

Streets In Paradise

Vixen

Pretty people, pretty cars, livin' in the lap of luxury
But this precious fantasy
Seems so close when it's so far from me, yea yeah Tell me, where to get in line
Show me, how to change my luck this time People turn their backs on you
On the streets in paradise
When you're not the chosen few
It's hot as Hell and cold as ice
Every day's another fight
Livin' on the streets in paradise, c'mon All that glitters isn't gold, promises and dreams can get so old
I know, what this game's about
People chew you up and spit you out, yeah yeah I need some kind of a sign
Can't seem to get into this dream of mine People turn their backs on you
On the streets in paradise
When you're not the chosen few
It's hot as Hell and cold as ice
Every day's another fight
Livin' on the streets in paradise, oh no no There aint no sacrifice that I won't make, I'll pay the price
Oh no, I won't think twice, nothing comes cheap in paradise Tell me where to get in line
I can't seem to get into this dream of mine People turn their backs on you
On the streets in paradise
When you're not the chosen few
It's hot as Hell and cold as ice
Every day's another fight
Livin' on the streets in paradise People turn their backs on you
When you're not the chosen few
It's hot as Hell and cold as ice
Every day's another fight
Livin' on the streets in paradise Na na na na na na na
Na na na na na na na
Na na na na na na na
