

Anytime

Kelly Clarkson

Anytime you feel like you just can't hold on
Just hold on to my love and I'll help you be strong
But you're so afraid to lose
And baby I can't reach your heart
And I can't face this world that's keeping us apart But now I can be the one to show you
Everything you missed before
Just hold on now
'Cause I can be the one to give you more
Let you know Anytime you need love baby I'm on your side
Just let me be the one I can make it alright
Anytime you need love baby you're in my heart
I can make it alright I look into your eyes, and I feel it coming through
And I can't help but want you more than I want to
So baby take all of your fears, and cast them all on me
'Cause all I ever wanted was just to make you see That I could be the one to give you
All that you've been searching for
Just hold on to my love
And baby let me give you more
You know, anytime Anytime you need love baby I'm on your side
Just let me be the one I can make it alright
Anytime you need love baby you're in my heart
I can make it alright And now there's no way out
And I can't help the way I feel
'Cause baby you're the fire
And I'll be waiting right here
You know my love is real, baby Anytime you need love baby I'm on your side, you know
Just let me be the one I can make it alright
Anytime you need love baby you're in my heart
I can make it alright Anytime you need love baby I'm on your side
Just let me be the one I can make it alright
Anytime you need love baby you're in my heart
I can make it alright
