Only My Soul

Whitesnake

Only my soul, stops me crying
Wondering why I feel alone
And only my love keeps me from weeping so bad
Giving me strength to carry on
Lead me on through restless waters
Walk with me along the way
Live the moment and tomorrow
For the Lord will take it all on Judgment Day
Broken dreams lay all around me
Sad eyed children of despair
Whispered voices in the distance
Call me on who knows where
Lead me on through restless waters
Walk with me along the way
Live the moment and tomorrow
For the Lord will take it all on Judgment Day
And the Lord will take it all on Judgment Day
Hear me crying out for love
Hear me crying out for love
Never let you know it
I can only show it in my song, oh
Only my soul
Hear me crying out for love
Hear me crying out for love
Never let you know it
I can only show it in my song
Only my soul
Hear me crying out for love
Hear me crying out for love
Never let you know it
I can only show it in my song
Only my soul
Hear me crying out for love
Hear me crying out for love
Never let you know it
I can only show it in my song, yeah
Only my soul
