Collide

Rachael Yamagata

I'll fascinate you for awhile
My hands in wait to please, so well
When I wake to realize, all I'd done
I'll be breaking strings
And all you're gonna feel
Is undone
I will not stay if you ask me to stay
Do not ask me to stay because I will not stay
Why do we always collide
Stuck onto different sides?
You resignation, don't simply file
It's not imaginable your love
What I wake up to find
All I've done is unkind
All you're gonna feel is untied
Untied
Why do we always collide
Stuck onto different sides?
Why do we always collide
Stuck onto different sides?
Why do we always collide
Stuck onto different sides?
Why do we all
Why do we all
