

Kill The King

Megadeth

Broken down, feeling naked
Leaving me unfulfilled
Promising compromise
Championing mediocrity Time and time again
What you said ain't what you mean
Even if all my bones are broken
I will drag myself back from the edge to Kill the King, The King is dead, Long live the King Kill the King, The
King is dead, Long live the
King,
I am the King, God save the King Kill the King, The King is dead
I am the King, Long live the King
Kill the King, The King is dead
I am the King, Long live the King I reveal a deceiver
In the highest seat in the land
His idle hands the Devil's workshop
Generate more smoke than heat Time and time again
What you said ain't what you mean
Even if all my bones are broken
I will drag myself back from the edge to Kill the King, The King is dead, Long live the King Kill the King, The
King is dead, Long live the
King,
I am the King, God save the King Kill the King, The King is dead
I am the King, Long live the King
Kill the King, The King is dead
I am the King, Long live the King A new precedent in pain, a new precedent in pain
Mankind is blown to dust, mankind is blown to dust
An explosion of the Brain, an explosion of the
Brain
Spontaneously combust, spontaneously combust Kill the King, The King is dead, Long live the
King,
I am the King
Kill the King, I, The King is dead, I am, Long live
the King,
I am the King
Kill the King, I, The King is dead, I am, Long live
the King,
I am the King
Kill the King, I, The King is dead, I am, Long live
the King,

I am the King
